Historic Preservation**

TO: All Bidders
FROM: Claudette Hennessy
SUBJECT: Specification Clarification
DATE: October 9, 2025

OPRHP would like to clarify on the following specification:

2.2 General Requirements

2.2.3 Power

- Gasoline or Diesel Engine
- Electric hydraulic backup
- 12V Battery backup electric pump

Clarification:

- Primary power for lift to be engine
- Electric over hydraulic system requested would provide use of hydraulic function in the event of an engine failure. In other words, a way for personnel to get down if there's a problem with the engine.

As a reminder, all questions regarding this IFB must be submitted via e-mail or mail and be received by the date and time specified in the IFB Timeline.

The Agency will provide a written response to all substantive questions and requests for clarification. Responses to Bidder questions and requests for clarifications will be distributed via e-mail to the Agency-maintained Bidders List.
